

OFFICE OF RESIDENCE LIFE
TERMS OF HOUSING CONTRACT
FOR LAFAYETTE COLLEGE RESIDENCES
2024-2025

The student and parent, guardian or other guarantor is urged to read carefully the content of this College Housing Contract (the "Housing Contract"). When the official Housing Contract is signed and accepted by Lafayette College, or when the student occupies a space in a residence, this Housing Contract becomes a contract between the student (and parent, guardian, or other guarantor) and the College, revocable by the College. The terms and conditions of this Housing Contract are outlined below.

A. CONTRACT PERIOD: This Housing Contract is binding for the entire academic year commencing with the Fall semester; except when the student completes graduation requirements midyear, when the student is enrolled in an approved spring semester study abroad program, when the student withdraws or is withdrawn from the College, or when the student enters into the Housing Contract at the beginning of the spring semester. This Housing Contract remains in effect and binding on the student even if the student is approved for a part-time course load. No room shall be occupied prior to 48 hours before the first day of classes for a semester without approval from the Office of Residence Life. The room must be relinquished within a 24-hour period following the student's last scheduled examination but no later than noon following the last day of examinations. If the student voluntarily or involuntarily withdraws from the College, the room must be relinquished within a 48-hour period following the official change of status. Relinquishing the room includes removing all personal items and leaving the room in the condition set forth in Section G below, returning room key(s), returning building access tag, and no longer residing in the room.

B. ROOM RATES: College housing rates are established by the Office of Finance and Administration. Room rates vary and students are responsible for knowing the room rate of their assignment and hereby consent to such rates.

C. WINTER TERM OCCUPANCY: During the period between Fall and Spring semesters, Students must submit an application in accordance with established deadlines through the Office of Residence Life prior to receiving permission to occupy a room. Failure to register for winter housing through the established process may result in disciplinary sanctions and/or fines. A separate charge will be assessed for housing during the winter housing period. During the Winter term, a special living area may be designated or established, and students may be assigned to a room different from their Fall/Spring semester assignment for this period. Students who are not registered for the winter term may not access their fall/spring room without advance permission from the Office of Residence Life. Unauthorized entry and/or occupancy may result in disciplinary action.

D. SUMMER TERM OCCUPANCY: During the period between the Spring and Fall terms, student housing will be offered in designated college housing. Students must apply through the Office of Residence Life by the established deadline prior to receiving permission to occupy a room. Failure to register for summer housing through the established process may result in disciplinary sanctions and/or fines. A separate housing fee will be assessed for housing during the summer housing period.

E. TERMINATION OF HOUSING CONTRACT: The College may terminate the Housing Contract and take possession of a room, or require a student to vacate a room at any time when the College determines, in its discretion, that a student has: (a) violated the Residence Hall Regulations as outlined in this Housing Contract; (b) violated any College rule or regulation; (c) made a lack of adequate academic progress or participation (e.g. failure to attend class); (d) whenever the room is vacated or the status of the student as a student is terminated for any reason; (e) the student takes a leave of absence or is suspended or placed on an involuntary leave; or (f) if, in their utilization of residential facilities, the student had failed to obey laws, rules or regulations of the general community. If the College terminates the Housing Contract for any of the reasons noted above, no portion of the room fee will be refunded. The College may require a student to vacate a room and College Housing pending any challenge that the student may have under other College policies and procedures. Moreover, in the case of a force majeure event (act of God, natural disaster, pandemic, etc.) the College has the discretion to close residence halls, terminate this Housing Contract, and to issue refunds, or not, in its discretion.

F. ROOM ASSIGNMENTS: All students must live in College Housing unless they apply for and receive permission, in writing, from the Office of Residence Life to live elsewhere. The College will not discriminate in room assignment on the basis of gender, race, color, religion, creed, national origin, ancestry, age, disability, gender identity, sexual orientation, or any other characteristic protected by federal, state, or local law. Room assignments will be made according to departmental procedures and, when possible, in accordance with student preferences. No specific assignment based on the student's request is guaranteed. Failure by the College to honor housing preferences will not void this Housing Contract. The College reserves the right to: (a) assign the remaining space(s) of a room whenever a vacancy in occupancy occurs; (b) increase the number of occupants per room in the event of need; (c) assign students to temporary accommodations,

in the event of emergency or need; (d) reassign rooms for occupancy during the winter housing period; (e) consolidate roommates, for space management purposes, when vacancies occur; (f) change room assignments for health, safety or repair services, for disciplinary reasons caused by the student, or for irresolvable incompatibility of roommates (as determined by the College in its sole and absolute discretion); and (g) designate the occupancy level for each room.

G. ROOM RESPONSIBILITY: Students are responsible for all activities within their residence including policy violations, damages, and other restrictions stated in this Housing Contract. Rooms will be surrendered in the same condition at the end of the occupancy period as when first occupied. All personal belongings must be removed from rooms at move out. Trash must be removed and placed in containers provided by the College. All College-owned furniture and furnishings must be present in the room in working condition and properly assembled. Any personal items left in a room are subject to being discarded or donated, following (a) 24 hours after the last scheduled examination unless the student is approved by the College in its sole discretion for late departure; (b) an established date for room change; or (c) 48 hours after the date of change in enrollment status. Should a room require more than the normal amount of cleaning by the College when occupants move out, a fine may be imposed, and a bill for additional time and any clean up or repairs will be charged directly to the student or students involved. Any damages not claimed by individual residents will be divided equally among all residents of the room.

H. LOSS OR DAMAGE: The College shall assume no liability for theft, damage, destruction, or loss of money, valuables, or other personal property belonging to, or in the custody of, the resident from any cause whatsoever, whether such loss occurs in the resident's room, storage areas, or public areas. Therefore, students are encouraged to obtain renter's insurance to cover their personal property. The College does not carry insurance covering personal property and is not liable for losses or damages occurring to the resident's property, furniture, or equipment from any cause whatsoever.

I. ACCOMMODATIONS FOR STUDENTS WITH DISABILITIES. Students with disabilities who may require accommodations in connection with campus housing must make those requests through Accessibility Services. Any such accommodations or modifications will be documented through approved accommodations agreed to by the student, Accessibility Services and Residence Life. Students must comply with all terms of this Housing Contract unless otherwise specified in an accommodation plan.

CONDITIONS OF OCCUPANCY

The following regulations have been instituted by the College to ensure that the rights and welfare of all students will be protected. The College reserves the right without prior notice to change these regulations or make additional rules as it deems necessary for the protection of property and/or the general welfare of the residents. Students are expected to abide by any such rules or regulation and statements in the College Housing Contract, the Student Code of Conduct, and the Statement on Rights and Responsibilities of Students, including any other policies and procedures referenced or incorporated in those documents, (such as the Policy on Equal Opportunity, Harassment and Non-discrimination). All of the regulations listed below apply to the residents and visitors of all College-owned or -operated residences, including College-owned or -operated fraternity and sorority houses, and off-campus houses and apartments.

1. ALCOHOL: Alcohol is permitted in a student bedroom when one or more of the assigned occupants is at least 21 years of age. The student(s) of legal drinking age must secure alcohol within the bedroom and may not provide or make available alcohol to anyone under 21 years of age, including roommate(s), suitemate(s), or guests. Alcohol is prohibited in rooms, suites, apartments, or houses in which all assigned occupants are under the legal drinking age, regardless of age of guests. Alcohol is prohibited in all residence hall common areas (e.g. lounges, stairwells, building kitchens, bathrooms) regardless of the age of the person in possession unless advance permission is obtained per the Events with Alcohol Policy. Refer to the *Student Handbook* for more detailed information.

2. ASSESSMENT FOR DAMAGE: Residents will be held responsible for any damage done to their bedrooms, suite/apartment shared areas, or any part of the building and its furnishings, fixtures or equipment. When damage or the need for additional cleaning occurs in a building common area and the responsible individual is unable to be identified, it may be billed on a per capita basis to the students of that area. Students are responsible for reporting to the Office of Public Safety any damages done to the outside of their room door; otherwise, they will be billed for such damage. In cases of extreme damage or vandalism, students will also be subject to fines and disciplinary action.

3. HOUSING CONTRACT SUSPENSION: Any student whose physical or behavioral actions might jeopardize the safety or well-being of any resident, or who interferes with the educational process of the institution, may be required to have an assessment by the Student Support and Intervention Team. Should the Student Support and Intervention Team determine that a health or safety concern exists, the Director of Residence Life may, in the Director's sole discretion, amend or suspend the student's Housing Contract as appropriate.

4. CONTRACTED SERVICES: Students, with the exception of those living in McCartney II and off-campus houses/apartments, may subscribe to cable television service through the College provider and will be charged separately for this service. Exterior satellite dishes and receivers are not permitted. Students may rent or purchase Microfridge units from the approved outside vendor. Contracting for other outside services is prohibited.

5. COOKING: Cooking is not permitted in student bedrooms with the exception of heating food in a College-approved Microfridge unit. Students may cook in common building kitchens or inside units with self-contained kitchens (e.g. suites, apartments). Students are expected to monitor food as it is being cooked, clean the kitchen area after each use, and properly clean and store personal cooking items and food.

6. ELECTRICAL APPLIANCES: No appliances containing open heating elements may be used in student bedrooms or any room other than a kitchen as they pose distinct fire hazards and may exceed the capacity of existing electrical circuits. Prohibited appliances include and are not limited to: hot plates, coffee makers, electric grills, space heaters, toasters, and toaster ovens. Compact, personal-sized refrigerators are permitted. Apartment-sized or full-size appliances are never permitted in student rooms, self-contained kitchen/common areas, or building common areas with the exception of those provided and maintained by the College. Students who live in units with a self-contained kitchen may use Underwriters' Laboratory-approved personal kitchen appliances (e.g. coffee maker, toaster) within the kitchen area. Microwave ovens (other than units available through the College-designated Rental Program or provided and maintained by the College) are not permitted except in units with self-contained kitchens when used in the kitchen area. Air conditioners are not permitted in College residences without approval through the established process. Air conditioners must be installed and removed by the Facilities Operations staff only.

7. FIRE SAFETY:

a. Equipment: Fire equipment is to be used only as necessary in case of fire; its use or misuse must be reported to Public Safety and Residence Life staff immediately so that it may be restored to useful condition without delay. Anyone identified as responsible for tampering with, improper discharge or theft of any College-owned fire extinguisher or other fire apparatus in any College-owned or operated residence will be subject to a \$300 fine for each incident and disciplinary action. Tampering includes and is not limited to damaging illuminated exit signs, obstructing access to fire safety equipment, covering smoke detectors, and suspending items from sprinkler heads. If a person or persons responsible for tampering with fire equipment in a common area are not identified, the students living on the floor, wing, or section of the residence hall are subject to a \$300 charge billed on a per capita basis. Students are expected to leave the building for all fire alarms and drills. Lack of cooperation during fire drills or alarms will result in disciplinary action.

b. Room Decorations: Students must not decorate their rooms with combustible materials (paneling, combustible fabrics, etc.). Fiberglass or other fire-resistant hangings are acceptable if hung in accordance with the Room Decorations policy (see #20). No items may be affixed to, installed in or suspended from the ceiling, sprinkler head (exposed or concealed), or other fire safety equipment in any student room or other residence hall space. Approved wall decorations must be at least 18 inches from sprinkler heads (exposed or concealed). Fabric decorations and/or posters may only cover a maximum of 50% of one wall in any student room. Light fixtures must remain uncovered. Lamps or light fixtures may not use halogen bulbs unless manufactured with a safety screen. The possession of items that result in an open flame or that are designed for being burned are always prohibited. For the safety of everyone within a residential community, candles or incense, whether burned, for decoration, or never previously used, are prohibited and will be confiscated. Students in violation are subject to fines and disciplinary action.

c. Egress: Decorations, personal items, or furniture must never hinder exit from a room or the building. Any items or bedroom furniture in the hallway, lounge, stairwell, common area, or other means of egress are subject to removal. Students will be liable for furniture replacement costs and may be subject to disciplinary action. Personal items, including bicycles, found in stairways, ramps, common areas, stairwells, hallways, or in violation of fire code are subject to being removed and discarded.

8. HOSTING GUESTS: Only those students specifically assigned to a location by the Office of Residence Life may reside there. A student or non-student guest who is not regularly assigned to a particular residence hall room may not be lodged in that room for more than a brief stay, as outlined below. The consent of other occupants of the room and apartment/suite is always required. Student residents who wish to have a guest who is not a currently enrolled Lafayette College student must register their guest directly with Public Safety. During the winter and summer terms, students who are not registered for College housing must be registered guests per this policy. The College reserves the right to prohibit overnight guests. The host student is responsible for the conduct of his/her student and non-student guests, including damages caused by them. Overnight guests must be at least 16 years old.

9. INSPECTION: Inspections will be conducted at the beginning and end of each academic year to establish the basis for assessing damages. In addition, all College residential facilities may be inspected from time to time during the semester for the purpose of damage assessment. The right is reserved for College authorities to enter any room at any time for the purpose of inspection or repair. In addition, routine safety inspections are conducted between semesters. Students are subject to disciplinary actions for violations in view during any room inspection or repair call.

10. INTERNET: Students are not permitted to supply/connect the following devices to the Lafayette Network: routers, hubs, switches, wireless access points, wired and wireless printers or similar devices.

11. KEYS: Each resident will be issued one bedroom key and, as applicable, a separate suite/apartment/house entry key. Keys to College residences are not to be duplicated except by the Access Control Office. Students are expected to immediately report lost or stolen keys and access tags to Public Safety. Students will be billed for lock changes if keys are lost, stolen, or not returned at the end of occupancy. Students are subject to a \$100 fine if keys are not returned by the specified return date at the end of the occupancy period. A separate

charge is assessed for electronic access tag replacement. Keys and access tags are issued to students individually; they may not be loaned or transferred.

12. LEAVES OF ABSENCE: It is the responsibility of students who are returning to the College from a leave of absence to communicate their housing requests to the Office of Residence Life in advance of their return. The office will attempt to accommodate students' hall and room preferences; however, preferred assignments cannot be guaranteed. Students returning in January will be assigned to a residence hall space based on class seniority. Students taking a leave of absence during the spring semester may be assigned fall housing through the summer waitlist process.

13. MAINTENANCE & REPAIR: The College, through the Facilities Operations Department, shall perform all maintenance and repair work. Students may not make repairs or perform maintenance themselves. Neither can students contract or arrange for an outside provider to perform facilities services, including housekeeping. Residents will be charged for any maintenance that the College has deemed not to be the result of normal and routine use. To avoid being charged for pre-existing damage, residents must report facilities issues at the time of move-in. Failure of the student to report facilities issues at move in shall be deemed the student's acceptance of the premises in its AS IS condition. The College expects that facilities problems will be reported promptly. Failure to report problems in a timely manner can lead to further property damage for which residents may be charged. Students are expected to cooperate with maintenance personnel and prepare their rooms for servicing as directed.

14. MODIFICATION. The College reserves the right to modify, amend, or adjust this Agreement in its sole discretion, with notice to the student.

15. MOVING FURNITURE: All College-supplied furniture must remain in student rooms. Lounge furniture is for use by all residents and may not be removed or relocated. Unauthorized removal of furniture will be considered theft of College property: students will be disciplined and fined for such behavior. No College residence hall furniture or upholstered furniture is permitted for use outside the building or on College grounds.

16. PETS: Residents are not permitted to keep animals of any kind except fish in an aquarium of no more than 10 gallons with the exception of registered service or ADA assistive animals and emotional support animals that have been approved through the College. Lab specimens and visiting animals, with the exception of service animals, are also prohibited. Violations will result in a fine and disciplinary action.

17. PROHIBITED ITEMS: Possession, use, or installation of items that could result in damage, interfere with the satisfactory functioning of the residences, are illegal, or present a potential health or safety hazard, are in violation of College regulations and are prohibited. Further, prohibited items are subject to confiscation and will not be returned. Students are subject to fines and/or disciplinary action for possession of prohibited items. Prohibited items include: waterbeds, barbells and other weight lifting equipment, furniture lofts or partitions in addition to other prohibited items listed in other sections of this Housing Contract.

18. QUIET HOURS: To maintain conditions conducive to academic achievement, quiet hours are established and maintained in all residence halls. Quiet Hours are in effect from 10pm-8am Sunday through Thursday and 12am-10am Friday and Saturday. Excessive noise at any time will not be tolerated. During exam periods 24-hour quiet hours will be observed. Personal electronic equipment (e.g. computers, televisions, etc.) is permitted, provided it is operated with the proper regard for quiet hours and does not disturb other residents. Speakers may not be placed in or near an open window. Musical instruments should not be played in residence halls.

19. RESTRICTED AREAS: Students are not permitted to access roofs, ledges, basements, attics, mechanical closets, vacant bedrooms or housing units (e.g. suites, apartments, houses), or other restricted areas including residential buildings that are not open for occupancy. Students may not use windows as a non-emergency means to exit or enter a room. Students in violation are subject to disciplinary action.

20. ROOM CHANGES & VACANCIES: No student will be allowed to move off campus, exchange a room, or substitute one occupant for another without permission from the Director of Residence Life, which permission will be granted, withheld or conditioned in the Director of Residence Life's sole and absolute discretion. Student(s) who reside in a room in which there is a vacancy agree to accept an assigned roommate(s) and will maintain the unoccupied space in the room in such a condition that would allow someone to move in on short notice (e.g. furniture assembled and clear of belongings). Students who misrepresent the truth, intimidate assigned occupants, or otherwise attempt to manipulate the housing assignment or lottery process will be subject to disciplinary action that may include fines, reassignment, and/or contract termination. All housing assignments, including filling vacancies that occur prior to or during the academic year, are made at the sole and absolute discretion of the Office of Residence Life. Facilities Operations staff may schedule cleaning and enter a partially occupied bedroom during or between semesters in order to prepare the room for a new occupant.

21. ROOM DECORATIONS: Decals, pictures, posters, stickers, labels, etc., which are fastened to walls, doors, woodwork, and ceilings must be removed without damage to paint or finished surfaces of the room. Pictures, decorations, etc., should be hung from the picture moldings or attached in a method that does not damage the walls. Double-faced tape, scotch tape, masking tape and duct tape are prohibited

as they will damage walls, causing possible assessment for damage/fine. The use of nails, tacks or screws is forbidden. Writing instruments, including chalk, must not be used on any building surface. Posters, flags, or other decorations hung in a student's window and/or visible from outside of the residence hall that may be obscene in nature or disruptive to the College community are not permitted. Students are prohibited from hanging items outside room or building windows and may not affix items to the exterior of the building.

22. ROOM ENTRY, SEARCH AND SEIZURE: The right is reserved for College authorities to enter any room at any time for the purpose of inspection or repair, under emergency circumstances, or in response to health or safety concerns. College premises occupied by students and the personal possessions of students will not be searched unless authorization is obtained from the Office of the Dean of Students. Authorization shall be made before a search is conducted. The authorization shall specify the reasons for the search and the objects sought. The student hereby consents to such authorized searches and the student should be present, if possible, during the search. Students are subject to disciplinary action for violations in plain view regardless of whether discovered during an authorized search.

23. SANITATION: Each resident is expected to maintain his/her room in an acceptably safe and sanitary condition and to cooperate in maintaining the lounges, corridors, and common areas in satisfactory condition. Students within suites and apartments are responsible for regularly cleaning their bathroom, kitchen, and common area. Food may be stored in student rooms only if it is stored in appropriate containers. All waste paper and other trash must be deposited in the designated wastebaskets, dumpsters, or recycling containers. Littering or improper disposal of trash or recycling is not permitted.

24. SECURITY: Students agree to abide by the safety rules and procedures of the College. Residents who leave a residential building or unit by locked doors are responsible for leaving the doors in a locked position. Doors should never be propped open and students should not permit non-residents to enter the building. Residents are urged to lock the windows and doors during periods of absence. During holiday periods, additional precautions should be taken to include removing small portable items and closing curtains or shades. Any losses are not the responsibility of the College but should be reported to the Office of Public Safety and the Office of Residence Life. The Office of Public Safety will file an Incident Report that may help facilitate the settlement of insurance claims.

25. SOCIAL EVENTS: Students or guest(s) in College-owned or affiliated housing are required to comply with the procedures outlined in the *Student Handbook* regarding registering and managing social events.

26. SOLICITING-SALES: Students may not solicit, canvass, distribute literature, or use College housing as a location for selling or advertising unless permission is granted by the Office of Residence Life in its sole discretion. Refer to the Policy on Solicitation in the *Student Handbook*.

27. STORAGE: Personal belongings must be stored in student rooms or a designated storage closet. Limited storage closet space is available in some residence halls for student use. There are restrictions on the type of items that may be stored in College storage closets. Lafayette College assumes no responsibility for loss, theft, or damage of property stored in residence halls. Complete storage information can be found on the Residence Life webpage.

28. STUDY ABROAD: It is the responsibility of students who are returning to the College from abroad to communicate their housing requests to the Office of Residence Life in advance of their return. Residence Life staff will attempt to accommodate students' hall and room preferences; however, preferred assignments cannot be guaranteed. Students returning in January will be assigned to a space in College housing based on class seniority.

29. SUBLET: Assigned rooms may not be sublet. The Housing Contract is personal and may not be transferred to another person.

TERMS AND CONDITIONS FOR STUDENTS LIVING IN COLLEGE-OWNED OFF-CAMPUS HOUSES AND APARTMENTS 2024-2025

All of the Terms of Contract and Conditions of Occupancy described in the College Housing Contract, attached hereto and as updated from time to time and set forth online and in the Student Handbook apply to those students living in Lafayette College-owned off-campus houses and apartments. In addition, the following information and stipulations apply to students assigned to these accommodations:

STUDENT OBLIGATIONS:

a. Student Handbook and Code of Conduct: The Student (and parent, guardian, or other guarantor) shall adhere to all of the provisions, rules and regulations set forth in the Student Handbook and Code of Conduct as a condition of this Housing Contract.

PROVIDED SERVICES:

a. Utilities

In College-owned houses and apartments, heat, electricity, and water and sewer services are included in the housing fee.

b. Custodial & Grounds

The College, prior to occupancy in the fall, will be responsible for cleaning the house/apartment. Common hallways, corridors and similar public spaces in College-owned properties will be the responsibility of the College. The College will supply and change light bulbs and supply one shower curtain liner at the beginning of occupancy. In addition, lawn care and snow removal will be the responsibility of the College.

c. Trash Collection: Garbage and recycling collection are provided by the City of Easton, and it is the residents' responsibility to deposit garbage and recycling into the appropriate location at the designated time and day for garbage collection. The College will supply at least one exterior garbage can and recycling bin. Students will be charged for any garbage clean-up facilitated by the Facilities Operations Department and will be subject to disciplinary action for excessive or repeated occurrences of failing to place curbside their garbage or recycling on the designated day. Residents are to remove the trash and recycling receptacles within a timely fashion after collection.

NON-PROVIDED SERVICES:

a. Utilities

In College-owned houses and apartments, phone, cable and internet are not provided by the College nor are they available through the College. Students must arrange and pay for phone, cable, and internet service, if they desire these utilities. Satellite equipment is also not permitted. All students who contract with a local telephone service are advised to consider adding wire maintenance plan insurance to their list of options. If problems arise with phone lines in the apartment and require repair, the residents will be financially responsible for such repairs unless they have elected a wire maintenance plan through the phone company.

b. Custodial & Grounds

Regular cleaning during the occupancy period, and prior to move out is the responsibility of the residents. Interior house/apartment space will not be cleaned by the College. Residents are responsible for providing their own vacuum cleaner, cleaning supplies, and toilet paper. Students are expected to keep interior and exterior spaces clean and sanitary, so as not to affect other student occupants or neighbors, or to contribute to unhealthy, unsanitary, or unsafe conditions.

AIR CONDITIONERS: Residents may not install air conditioner units in an off-campus house or apartment. If a student receives approval for an air conditioner through the College's established process, Facilities Operations must install and remove the air conditioner. Air conditioners are approved for installation in student bedrooms only.

ALCOHOL POLICIES: The Lafayette College Code of Conduct, found within the *Student Handbook*, states that possession of open containers of alcohol on the grounds of any College property, including the yards of off-campus residences, is prohibited regardless of residents' ages. Kegs and common source containers of alcohol are not permitted in or on the grounds of College residences, including College-owned off-campus houses and apartments also regardless of residents' ages. Events with alcohol must adhere to the guidelines and policies in the Student Handbook.

EXTERIOR OF PROPERTY: Students may not erect or install temporary or permanent structures on College property. Prohibited items include, but are not limited to, wading pools, tents and inflatable structures/games. No upholstered or College-owned furniture may be placed outside of the house or on the porch. The only furniture permitted outside of the houses is lawn furniture. Residents are permitted to have a portable grill; however, no fire pits or open fires are permitted on College property.

FURNITURE & APPLIANCES: The College will provide living room and dining furniture, kitchen appliances (oven/stove, refrigerator) and bedroom furniture for each student (bed, mattress, desk, desk chair, and dresser). Furniture must remain in the house/apartment. The College will not store or remove these items from the property. Any furniture that has been damaged by students or is missing during inspection times will be replaced at the cost of all of the residents of that particular house/apartment.

INSPECTIONS: The College will inspect the house or apartment periodically to check for cleanliness, wear and tear on furnishings, paint, fixtures, safety device operation, and any violations of College regulations. Students hereby consent to such inspections. The College provides one fire extinguisher per floor and will inspect these units twice per year.

NOISE: Music, loud voices, and other loud noises should not be heard outside of College-owned off-campus houses or apartments. Students at all times shall show proper regard for others. Voices, radios, televisions, stereos, musical instruments, and other audio equipment shall be adjusted so as not to disturb the community by being audible outside of the unit. Any student residents or guest(s) of houses or apartments with noise complaints and/or citations by the City of Easton may be subject to disciplinary action by the College, which may include reassignment to a campus residence hall.

OCCUPANCY: Students assigned to an off-campus house or apartment may request early arrival on or after the Wednesday prior to the first day of classes for the fall semester without additional fees. The house or apartment must be relinquished no later than 12 noon the day following Spring commencement. All houses and apartments will be locked after this time. College-owned houses and apartments are not available for summer occupancy unless permission is granted from the Office of Residence Life. As with all College residence halls during the period between fall and spring semesters, College-owned apartments and houses are closed, unless residents apply for Winter Housing and receive written permission for occupancy from the Office of Residence Life. Unauthorized entry and/or occupancy may result in disciplinary action, fines, and/or reassignment.

PARKING: A limited number of students in College-owned off-campus apartments and houses will be eligible to receive a City of Easton Residential Parking Permit (RPP) through the established process. Students who are not eligible for an RPP may register for a College parking sticker through the established process. Students who do not receive an RPP may not park on the city streets.

PANIC/DURESS ALARM: Lafayette College utilized panic/duress alarms in areas meeting defined criteria to allow community members to summon the Department of Public Safety via silent alarm. The panic alarm is intended for immediate police response to address an emergency and should not be activated unless an emergency exists. Students who reside in College-owned, off-campus housing are reminded that they are responsible for their guests. The misuse of panic/duress alarms may result in a back charge of \$1,000 per incident for each resident in College-owned, off-campus student housing and possible removal of the panic/duress alarm system by the Department of Public Safety. The cost for the removal of any panic/duress alarm systems due to misuse, will be the responsibility of the residents. Prior to the reinstallation of the panic/duress alarm, the individuals or employees within a department must complete remedial training with the Department of Public Safety on the proper use of the Panic/Duress silent alarm system. The Director and Associate Director/Chief of Police of Public Safety may recommend to the Student Life Office to remove the student from College-owned, off-campus student housing if an incident of panic/duress alarm misuse occurs.

PERSONAL CONDUCT: Students are expected to abide by all policies outlined within the Lafayette College Code of Conduct, found within the *Student Handbook*, including the terms and conditions found in the College's Housing Contract. Whether living on- or off-campus, students are representatives of Lafayette College and will be held accountable for their behaviors. Students living in College-owned, off-campus house or apartment property who violate the policies of the *Student Handbook* and/or the Housing Contracts and/or have complaints at their addresses, are subject to disciplinary action by the College. This action may include reassignment to a campus residence hall, at the discretion of the College. Further, the College reserves the right to reassign a student to an on-campus residence hall at any time.
