STEP 1

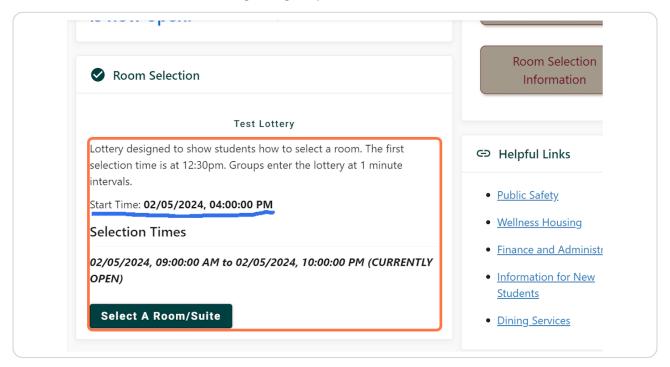

Review the details about Lottery

Information includes the name of the process, the first assigned group selection time, interval between assigned start times, the timeframe for the lottery (time spans from the point you can view the available spaces through the close of the process).

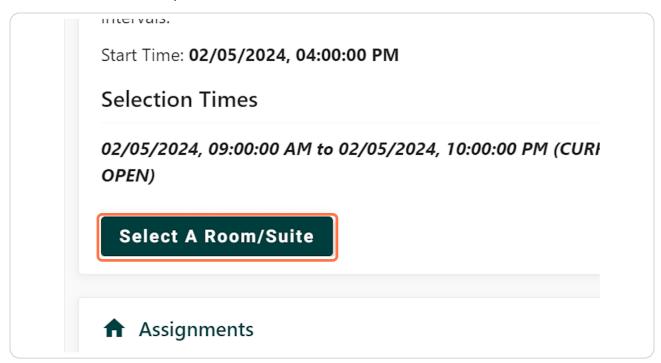

Note your Start Time

This is the earliest time you or your group can select a room. To gauge where your group falls in the process, you can do some calculations based on the first group selection time and the time between assigned groups.

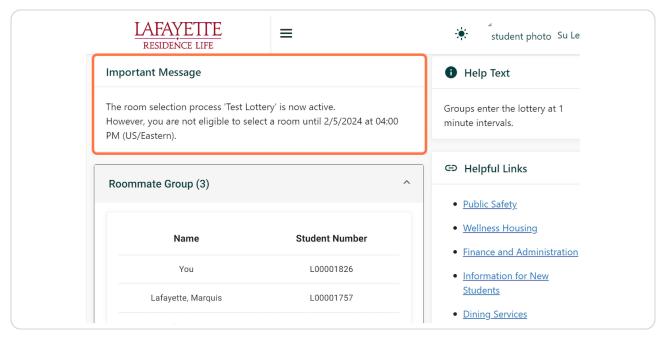

View Available Rooms in Advance

Click on 'Select a Room/Suite' to view spaces in the lottery. Once students begin selecting, the rooms list will be updated as rooms are chosen.

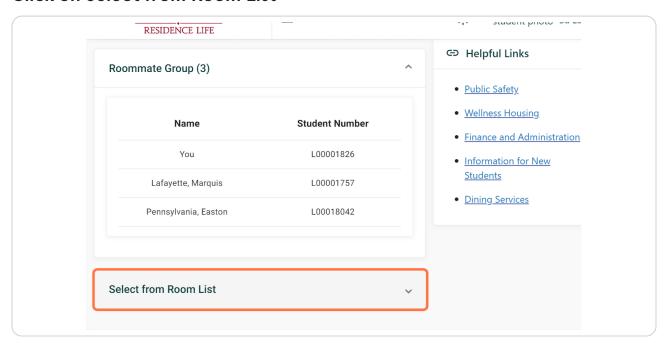

Review the Important Message...

This will remind you about the time you can first select.

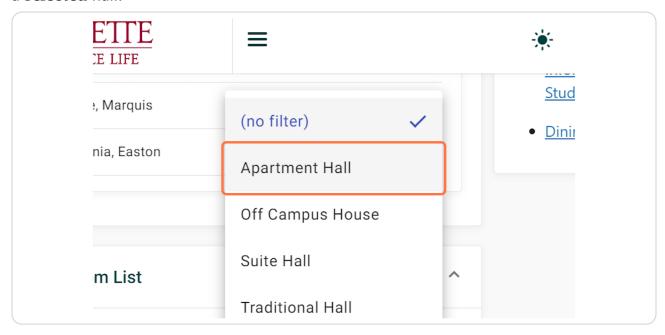

STEP 5 Click on Select from Room List

Filter or No Filter

No filter will return list of all available rooms for your group size or show only rooms in a selected hall.

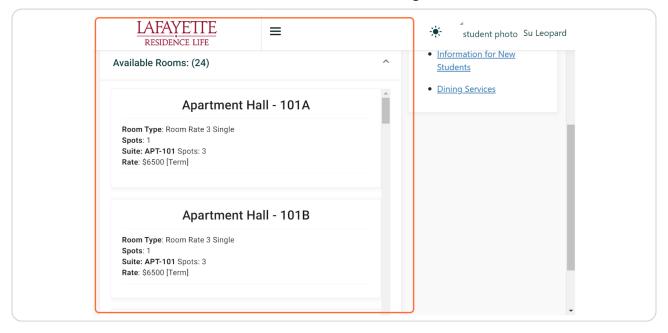

STEP 7 Click on Search Available Rooms

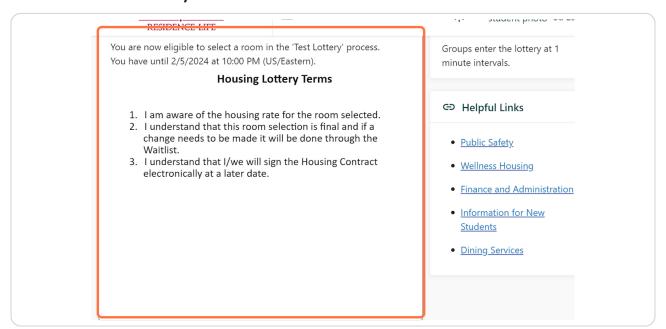

Review Rooms

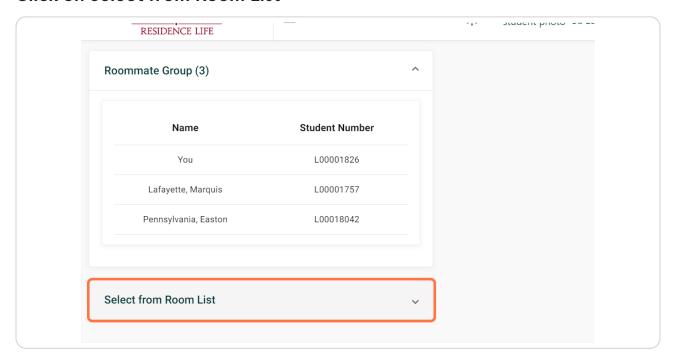

Each listing includes the Room Type, # beds in that room, if the space is in a suite, the total number of beds in the unit will be listed, along with the room rate.
